Our Expanding Family

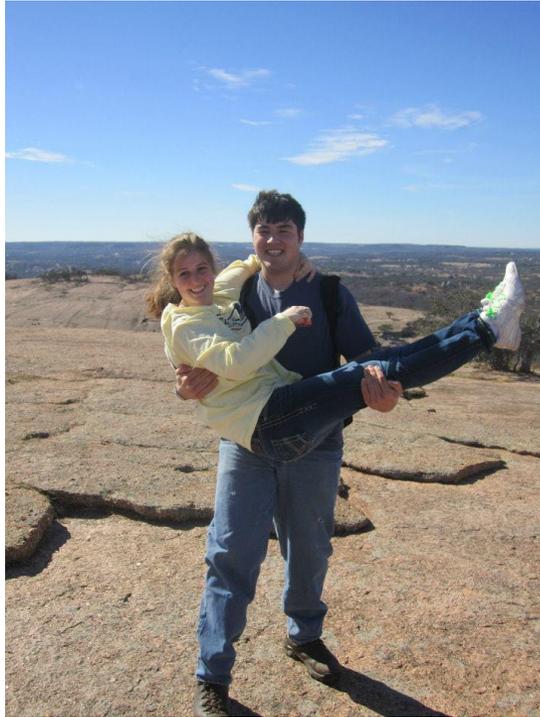

First wine: 2019 Muscat

Our Muscat is a refreshing, medium-bodied white wine great for the hot Texas summers. It presents clear, golden straw in color. Notes of **pear, apple, and herbs** end with a slightly earthy tone. The palate produces strong citrus flavors of **Meyer Lemon** and **tart green apple**, supported by a **buttery texture**. This Muscat pairs well with fresh fruit, light cheeses, and sushi.

Second wine: 2019 Rosé of Tannat

Our Rosé of Tannat is a generous, full-bodied rosé which presents rose gold, nearly copper, in color. The nose provides **floral notes** with hints of **apricot, citrus,** and even **scone**. On the palate, apricot and pear flavors give way to **strawberry**, with a growing tart acidity which rounds out in a **spice-filled cinnamon finish**. This rose is full-bodied enough to pair with fish and chicken, while also being drinkable enough to enjoy all day.

The Texas Wine Industry

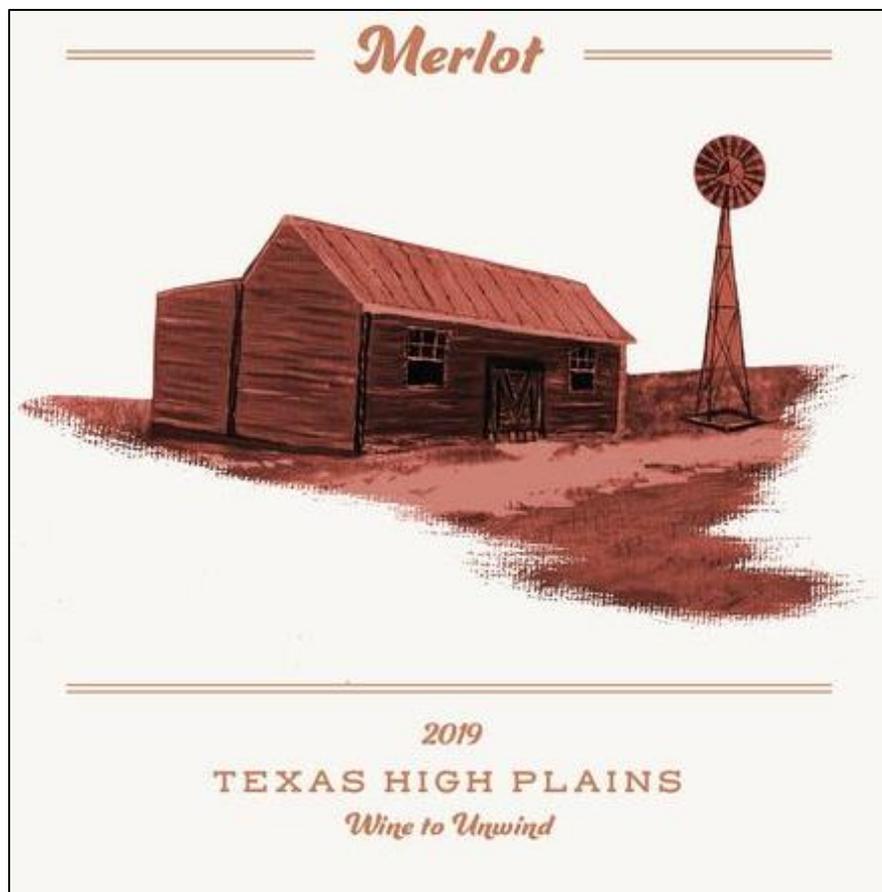

- Wine has been made in Texas since 1650
- 5,000+ acres of vines planted, and growing
- Second-most visited wine region in the US

Why Fredericksburg?

Third wine: 2019 Merlot

Decadent. Our Merlot presents in a deep but clear purple and has notes of **blueberry** and **spices**, especially cinnamon and clove, on the nose. The first sip brings a rush of **rich dark fruit** flavors, such as cassis and blackberry, and yields to a complex meld of **vanilla, spice, and light sweetness**. A **velvety finish** rounds out this decadent wine, which would pair well with grilled or smoked meats.
